

Greetings,

It is my honor to serve as Strawberry Mansion's principal. The school and community is rich in tradition and has a wealth of knowledge and resources. It is my intention to seek and accept your help in providing a world class education for our students.

We are a passionate group of educators committed to one goal; Student Success!

Through our monthly community meetings, I will continue to share our successes as well as our challenges through active dialogue. Your suggestions and assistance are integral parts of our success. We Need You!

In March, budget talks will start. I will be at the March 14 at SM's auditorium from 6-7pm community meeting to share the school's plan and will eagerly listen to your input.

Again, it is my honor to serve as principal. I look forward to a successful year.

Warmest Regards,

Dr. Tony Oyola
Principal – Strawberry Mansion High School
